

## LEOPOLD BROS. NEW YORK SOUR APPLE LIQUEUR

*Created from a blend of apples from the state of New York, we mix the juice of the apples with cane sugar and naturally produced lactic acid. This adds a refreshing tartness to the to the finish of this liqueur. It's ideal for when acidity is needed, but not citrus in a cocktail. Nicely paired with vodka, and it blends perfectly with any sherry or rum cocktail. Available year-round.*
